Grants Pass is it. While the Ump-

on earth except a disturbance, we
acknowledge with thanks the receipt

grapes grown in the Rogue River
valley. This special box came from
Grants Pass' widely known booster,
Dr. E. N. Bywater. Dr. Bywater
has a fine farm located in the heart
of the Rogue River valley, where he
raises these grapes. They attracted
the attention of many persons while
on display in this city."—Roseburg

WHEN it comes to complex-
ions and tobacco, any im-
provement on Nature ain't any
improvement.

NATURE—not man—puts
flavor and smoothness into
VELVET.

Get "Back to Nature," you pipe
smokers. And that means smoking
tobacco that Nature—not man—has
mellowed out for you.

We select the finest Burley from the Kentucky fields
and store it in wooden ageing casks.

Then for not less than two years Nature finishes her
marvelous gift. All the "rawness" of new tobacco is
replaced by a smoothness, fragrance and flavor that is
exclusive in VELVET, and concentrated in your pipe
filled with VELVET.

Gold Hill Wants Prisoner—

Officers from Gold Hill arrived in
the city this morning with warrants
for the arrest of Oscar Powers and
Ted Wallace, who are charged with
statutory offenses in that city. It is
alleged that the two young men ac-
companied Naomi Clifford and Erma
Hawkins, 16-year-old girls from
Galice, to Gold Hill, and that they
registered at a Gold Hill hotel as
men and wives. Powers had already
been placed under arrest by the of-
ficers here, being held in jail, but will
be turned over to the Jackson county
authorities. Wallace is not yet under
arrest. Dave Peterson, arrested with
Powers by the officers here last Sat-
urday, is also held here in the county
jail. It is said by the officials that
Peterson and the Clifford girl may
soon be wed, which would probably
quash the action against Peterson.

Car of Steel Sluce Box Plates—

Messrs. Logan and Cameron were

Portland over the Southern Pacific,
and were then reshipped over the new
road to the end of the track, from
which point they will be hauled out
by wagon.
